50,000+ Hours Mean No Bulb to Replace

Stella's long lasting Samsung LEDs are rated to last over 50,000 hours before you notice any dimming the quality of light. That also eliminates the hassle and cost of bulb replacements.

10W

Low Energy Costs

On average, Stella Lighting products are using less than 10W of electricity. This means energy savings for you, and for the planet.

No UV and Less Heat

LEDs produce very little heat and no UV rays so the light is very comfortable and safe for both you and your fabrics.

Flex Arm

A super strong, super flexible neck allows you to get the light exactly where you need it!

The Stella Family

Three Lights. Endless Possibilities.

Stella

The light that people love. Designed with the creative individual's needs in mind, Stella offers Tri- Spectrum technology, Touch Integration, Dimming Functions and 50,000+ Lifespan. Plus you will never replace the bulb.

StellaEDGE

The most diverse craft light in the marketplace today. The EDGE has the same great features as the original Stella, with the addition of a longer neck, wireless remote and five (5) year warranty. Often used by those that travel to class, on the road or even room to room in the house.

All Stella products are designed with the creative individual in mind which makes Stella the preferred lighting choice by professional artists worldwide.
