BETTER LIGHT.
BETTER LIFE.

*MEET STELLA, THE WORLD'S MOST LOVED
PERSONAL LIGHTING SOLUTION*

ABOUT US

Stella Lighting has been creating and manufacturing the highest quality task and floor lamps in the marketplace since 2012.

You have countless options when selecting a lighting product. So, why choose Stella?

Simply put, we exist to deliver lighting solutions that impact the daily lives of our users. To you, it's not just a lamp. It's a product that can improve the quality of your life. Our goal is to change lives – one Stella at a time.

All Stella products feature multi-level dimming, a flexible neck, tri-spectrum technology, 50,000+ hours of LED life, minimal heat, and low wattage consumption.

We stand behind all of our lamps with a two year warranty and a 100% customer satisfaction guarantee.

People love Stella lamps for reading, needle arts, sewing and quilting, paper crafts, fine art, low vision supplementation, general task lighting, and more.

There is no other lighting product like it in the marketplace today. We are the proprietary designer and manufacturer of Stella lamps, meaning we build all of our own products. The combination of innovative design, integrated technology, and detailed execution make the family of Stella products unmatched in the lighting industry today.

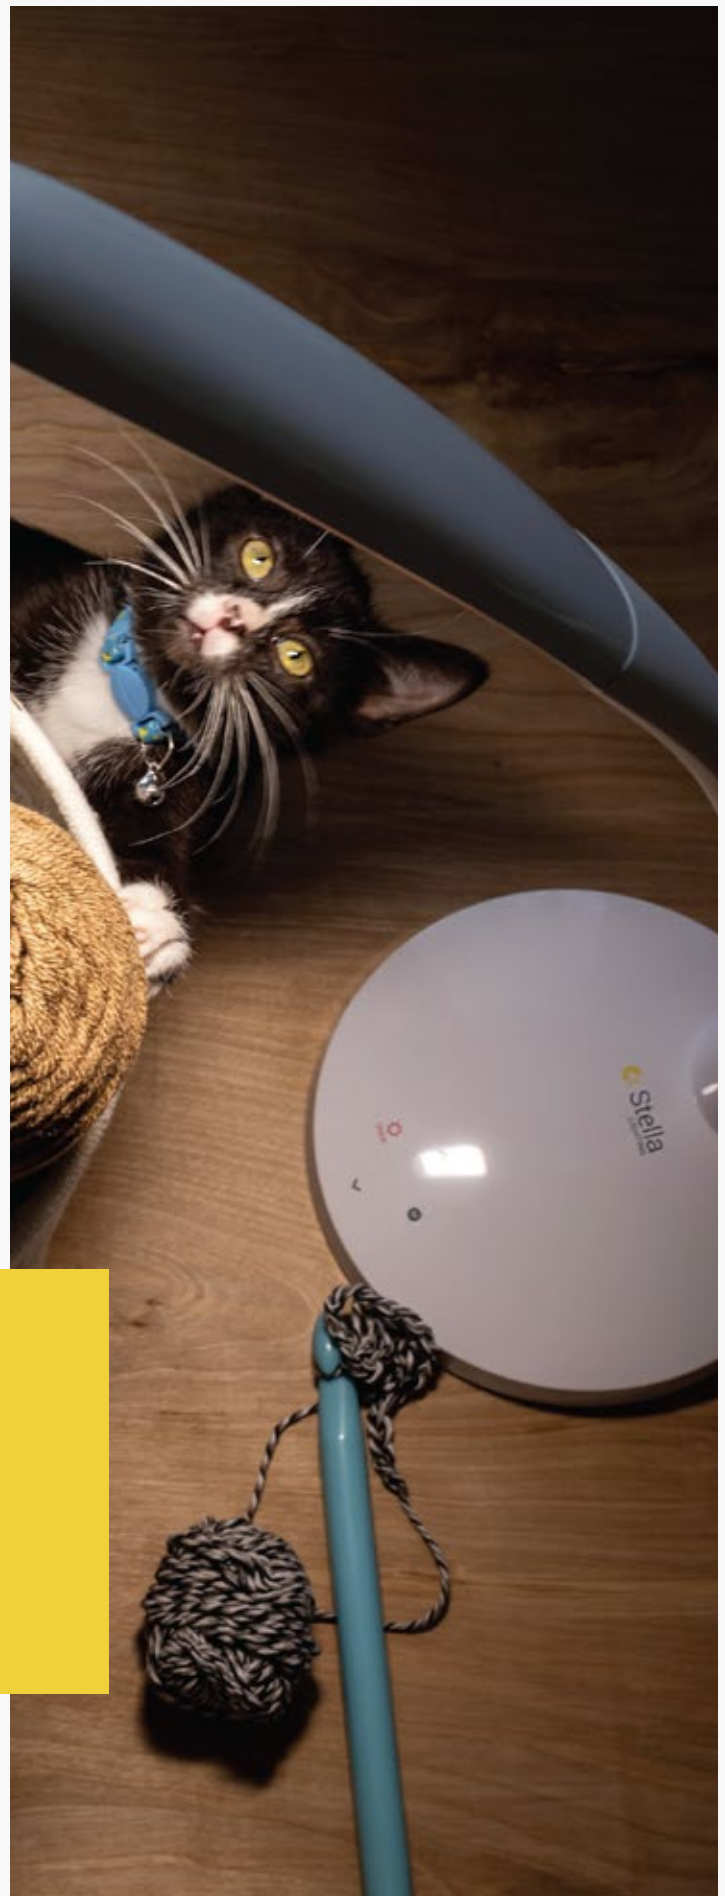

We strive for excellence in the customer experience. Our product designs are developed with precision, and delivered to the marketplace with an all-inclusive expectation of quality.

THE STELLA BRAND PROMISE:

"Delivering lighting solutions by creating innovative products and an exceptional customer experience to impact the daily lives of our users."

Stella is the light people love. Better Light. Better Life.

Nothing Better

This is my 3rd Stella lamp. I am visually impaired and these lamps are all that really works for me. As vision fluctuates the light can be adjusted and that makes it PERFECT in my book! Thanks for doing what no one else can.

Best light EVER! Portable lighting that last!

This light is truly portable when used within a building or car. The battery last a long time. It is extremely bright which is wonderful! I tried many inexpensive lights before finally ordering this light.

Just what I was hoping for!

I'm very pleased with my new Stella Sky Two floor lamp. I wanted better light while I sew and embroider. Now I can see every detail of what I'm working on, even after sunset, when most lamps just don't provide enough light.

Stella Lighting is the best

After buying many different brands of lighting over the years, once i discovered Stella I will never buy any other. The lighting is by far superior. I now have 2 desk lamps and use them constantly.

★★★★★

Stella Edge is fabulous!!

I use it for Needlepointing. The Stella Edge is so bright with 3 settings to choose from. This light does not get hot so you can have it on for hours. Great product! Would buy another one if I needed more light.
