ABOUT US

Stella Lighting has been creating and manufacturing the highest quality task and floor lamps in the marketplace since 2012.

You have countless options when selecting a lighting product. **So, why choose Stella?**

Simply put, we exist to deliver lighting solutions that impact the daily lives of our users. To you, it's not just a lamp. It's a product that can improve the quality of your life. Our goal is to change lives – one Stella at a time.

All Stella products feature multi-level dimming, a flexible neck, tri-spectrum technology, 50,000+ hours of LED life, minimal heat, and low wattage consumption.

We stand behind all of our lamps with a two year warranty and a 100% customer satisfaction guarantee.

People love Stella lamps for reading, needle arts, sewing and quilting, paper crafts, fine art, low vision supplementation, general task lighting, and more.

There is no other lighting product like it in the marketplace today. We are the proprietary designer and manufacturer of Stella lamps, meaning we build all of our own products. The combination of innovative design, integrated technology, and detailed execution make the

THE STELLA BRAND PROMISE:

Delivering lighting solutions by creating innovative products and an exceptional customer experience to impact the daily lives of our users.

Stella is the light people love.

family of Stella products unmatched in the lighting industry today.

We strive for excellence in the customer experience. Our product designs are developed with precision, and delivered to the marketplace with an all-inclusive expectation of quality.

”

“Now that I am somewhat older, good lighting is essential for my knitting and my reading. The adaptability of my Stella lamp, means that I can fine tune the light it gives to meet the different situations.” –Mattin V.

StellaIQ

The Stella»IQ is a groundbreaking product, the first of its kind, utilizing red, green and blue LEDs to create a lamp that offers most of the colors visible to the human eye. It pairs with a dynamic and innovative app that allows users to select presets that have been optimized for multiple eye diseases and NoIR filters, as well as customization tools that allow the lamp to be calibrated to each specific individual now and as their eyes age. Assembled in the USA, the StellaIQ comes with an industry leading 5 year warranty.

KEY FEATURES:

RGB Technology | Stella IQ App | 5 Year Warranty | Free App Required.
Available for download on the Apple App Store and Google Play.

The Stella»SKY TWO was designed to bring the unique Stella advantages to people's favorite chairs and other areas of their home. Tri-Spectrum Technology allows users to easily change their light from a warm spectrum similar to incandescent lights, to a natural white similar to sunlight, to a cool white similar to moonlight. 5-level dimming allows varying light intensities down to 10% of the maximum output.

KEY FEATURES:

Wireless Remote | Adjustable Height | 5-Level Dimming

”

“I'm very pleased with my new Stella Sky Two floor lamp. I wanted better light while I sew and embroider. Now I can see every detail of what I'm working on, even after sunset, when most lamps just don't provide enough light.” -Joan L.
